

MOHAMED FATHY ISMAIL

SR. PLANNING ENGINEER

Ashpelya, Kuwait

+965-66012420

im.planner@hotmail.com

OBJECTIVE

About twelve years of work experience to design and develop project control reports that represent project status regarding time, cost, cash flow, change and risk management. Prepare project baselines using Primavera P6 periodical updates, and monthly progress reports. Assess the impact on the critical path, near-critical activities and track all scope changes to prepare an extension of time or claims if required. Develop and monitor project control system to ensure meeting project requirements.

EDUCATION

Degree Title | BSc. of Civil Engineering.

- BSc. of Civil Engineering, Helwan University (2009).
- Graduation project grade: Excellent
