SUMMARY

I'm interested in site works, maintenance and repair of concrete structures. However, I have experience in design and counting building constructions, I'm seeking a new opportunity that meets my experience and education to enhance my career path and personal skills.

EDUCATION

-
- 2019 Bachelor's degree in Civil Engineering, Assuit University.**
- **Grade:** good (73.15%).
- Graduation Project: Design of Reinforced Concrete Structures.**
- **Grade:** very good.

EXPERIENCE

-
- Dec 2020 - Present Site Civil Engineer at El-Alamen Group For Contracting.**
- I worked as a Site Engineer in executing some concrete structures and supervised some finishing works.

TRAININGS

-
- Summer 2018 Summer internship in ECG Company (UTW round 10).**
- Technical courses, site visits and soft skills.
- Summer 2017 Summer training with The Arab Contractors Company.**
- Concrete works and finishes.

COMPUTER SKILLS

Autodesk programs	(AutoCAD, Revit Structure)
CSI programs	(Etabs, Safe, SAP2000)
Microsoft Office programs	(Word, Excel, PowerPoint)
Structure Point programs	(spColumn)

EXTRACURRICULAR ACTIVITIES

-
- May 2019 ELSA Engineering Zone Competition (EEZC3) - Assuit University 3rd cycle.**
- A competition to get an integrated project that includes design from all engineering departments.
