

TARIQ NABEEL

Senior Architect at M Moser Associates

Dear Sir/ Madam,

This mail is in regards to an application for the position of Senior Architect in your company.

I am a dynamic and ambitious architect with **11 year experience** in architecture and construction field. Worked on various projects of different nature like **Airports, Residential, Commercial, Shopping Mall, Retail, Mixed use, Religious and Educational**. I have worked in several well-known architecture and design companies.

I have completed my **Masters in Building Services from Jamia Millia Islamia New Delhi, India;** with an excellent academic record. The post grad. course made me well versed with all kind of services involved in a building at every particular levels. I have undertaken academic assignments for headings including infrastructure, housing and environment adding to my insight on policy and guideline formulations. I also have a **Bachelor's degree in architecture from the Aligarh Muslim University, India;** making me well equipped with the skill set required for tangible design interventions.

My value addition to your company can be very substantial in terms of exploiting my professional and academic excellence and applying it to work. My attention to detail and excellent problem-solving skills ensures that every project I worked on is done accurately and to be highest possible standards. I am comfortable working as part of a team but also takes an authoritative role when the situation arises.

I am looking forward to gain valuable knowledge of architecture & designing as well as explore its dynamic aspects, by getting a suitable opportunity as well as offer my services for the very same. Please find my resume, attached, for details of my academic and professional work.

Please feel free to contact me if you have any queries. I look forward to having an opportunity to discuss my candidature face to face and to explain how I can significantly contribute to the ongoing success of your company.

Regards
