PROFILE

An enthusiastic mechanical engineer with strong leadership, communication skills and a high ability to improve and work effectively.

My desire to learn more made me study postgraduate studies in a programme related to the safety and health of workers and the preservation of the environment.

EDUCATION

Bachelor of Mechanical Engineering, American University of the Middle East.

Sep 2017 — Jan 2022

Graduated with high honor and a GPA of 3.609.

Master in Health, Safety and Environment Management, University of Birmingham.

Sep 2022 — Sep 2023

This degree aims to teach the science and practice of occupational health, safety and environmental control in the context of a team approach. Also, it focuses on identifying hazards, evaluating the risks, and suggesting control measures in a range of situations. The course is accredited by *IOSH*.

CERTIFICATES

Graduate Member of the Institution of Occupational Safety and Health - GradIOSH

IOSH

Sep 2023

SKILLS

- Strong understanding of safety regulations, risk assessment, hazard identification, and incident investigation.
- The ability to deliver lectures and seminars related to occupational health and safety.
- Possess excellent communication and problem-solving skills to ensure a safe work environment.
- Adapt with engineering tools and techniques.
- Knowledge of manufacturing processes.
